## **Call for Nominations! 2013 National Trust/ACHP Federal Partnership Award**

The Advisory Council on Historic Preservation and the National Trust for Historic Preservation announce the call for nominations for the 2013 National Trust/ACHP Award for Federal Partnerships in Historic Preservation. A category of the Richard H. Driehaus National Preservation Awards, this joint award honors outstanding federal partnerships that advance the preservation of important historic resources.

Federal activities have a profound impact on our nation's cultural landscape. This national awards program provides an opportunity to showcase an agency's commitment to a preservation ethic and gain public awareness of its accomplishments.

This award requires a demonstrated partnership with a federal organization. Partners may include Indian tribes and Native Hawaiian organizations, not-for-profit organizations, individuals, businesses, state and local governments, and other non-federal persons or organizations. Nominated projects or programs can include one or more non-federal partners and more than one federal agency.

A jury of preservation professionals from the National Trust and the ACHP will review the nominations, and a winner will be honored in November 2013 at the National Preservation Conference in Indianapolis, Indiana.

**The deadline for nominations is March 1, 2013.**

Please fully read the general [eligibility and nomination requirements](#), and especially the [award description](#) for the National Trust/ACHP award before submitting. **The entire application must be completed online.**
